

In SAKU activities:

We create experiences together

It is a privilege to be involved.

I believe in myself and my skill, and I trust my team.

I give everyone a chance and I encourage everyone.

By respecting myself and others

By respecting the rules, I respect others.

Us all together make up an event, I help the organizer succeed.

By representing my institution

I represent my institution and follow the rules of the institution.

I get to be involved when I do my job at school.

Non-smoking and sober SAKU!

In the spirit of fair play

Fair play is fair play on the field, on the stage and in the podium.
